Dear [REDACTED]

STAT

As the regular chairman of the Joint Chiefs of Staff Working Party on Ground Photographic Intelligence, it is a pleasure to extend the thanks of myself and of our membership for your generous hospitality and participation in our recent meetings in the New York City area.

I sincerely regret that other duties prevented my attendance at this meeting. However, all the reports I have received to date are indicative of a very successful and professionally profitable session. In addition, I have been made repeatedly aware, through the enthusiasm of the members, of your considerable contribution to the meeting's success. Such meetings serve two purposes: to keep our group membership aware of the level and nature of current developmental activity and to keep aware of the capabilities and qualifications of those corporations who can make and are desirous of making a professional contribution to the photographic portion of the National Defense effort.

Your participation, then, has brought us up to date on your current, and pertinent, technical activities, but of equal import you have provided our members with an opportunity to meet with your people and to evaluate the part you might usefully execute in their individual missions. I feel sure that you will receive specific inquiries from those of us whose interests are compatible with your abilities.

Again, our thanks for a profitable meeting to you, to [REDACTED] and to all of those other members of your staff who contributed to a most successful meeting.
